Key Facts

- Extensive experience in education projects
- Maintained high standards for work in this industry

Design & Construct

This is the second project in 12 months procured through the framework by Runshaw College. The project involves the construction of a new 1120m² Science and Engineering Innovation Centre on the Adult Learning Campus, which is based on Euxton Lane, Chorley.

The completed building will include three fully fitted high-tech laboratories, state of the art engineering workshops as well as CAD, CAM and 3D printing facilities that will accommodate over 400 students
